

# DON'T OBSTRUCT OUR PAVEMENT

You have parked your vehicle in a way that is obstructing the pavement. This makes it difficult and dangerous for people on foot to walk along it. You are also in breach of the Highway Code (rules 145 and 244).

**Over 33,000** people on foot are injured by vehicles in the UK every single year.

**Over 2,000** children on foot are killed or seriously injured.

Please don't force people with buggies, wheelchairs, or other vulnerable pedestrians into the road by blocking the pavement.

Thank you for your consideration.
